

High Kirk Community Preschool E-Safety and Networking Policy

Purpose

E-Safety concerns safeguarding children, staff, relief workers and students in the digital world. Technology is an important part of everyday life and so E-Safety focuses on learning to understand and use new technology in a positive and safe way.

The purpose of this policy is to help support and protect children, staff, relief workers and students using technology in the setting.

Scope

This policy applies to all employees, volunteers, visitors and members of the public who use our premises. The policy covers internet, emails and all electronic communications via computers, laptops, mobile phones, iPhones and wireless technology.

- Reporting any knowledge or suspicion of behaviour that contravenes this policy.
- awareness of the potential risks of using social networking sites eg. Facebook, and the importance of considering the materials they post and how publishing unsuitable materials may affect their professional status.

Specific arrangements for the use of all mobile phones (this includes iPhones) are as follows

- Staff/relief workers/students/volunteers working directly with children will not carry a mobile phone on their person at any time. Mobile phones will be kept in the main store.
- Mobile phones and conversations within the playroom, McCaughey Hall, Story Room and outdoor play area can be very disruptive and they divert the staff, relief workers, volunteers and students' attention away from the responsibility of looking after the children. **Therefore staff, relief workers, students and volunteers working directly with children must not use mobile phones except in emergencies.**
- If call must be received by staff/relief workers/students or volunteers they should respect those in the setting by keeping the conversation brief, or where possible, return the call after the session is finished.
- If lengthy or urgent call must be taken or made then the staff member/relief worker/volunteer/student must inform the Preschool Leader.
- Urgent calls to mobiles must be held outside the main playroom or in the main store away from the children.
- Visitors to the setting will be informed, by the preschool leader, that mobile phones cannot be used when interacting with the children and, in keeping with our Child Protection and Safeguarding Policy, will not be left unsupervised at any time when on the premises.
